## Upholding Quality, Integrity, and Fairness in Peer Review

Our journal follows a **transparent, double-blind peer review process** to maintain the highest academic standards. Reviewers are selected based on their subject expertise and commitment to ethical reviewing practices.

### ❖ Key Standards Reviewers Must Follow:

1. **Confidentiality**
  - All manuscripts must be treated as confidential documents.
2. **Impartiality**
  - Reviews should be fair, unbiased, and free of personal or professional conflicts.
3. **Constructive Feedback**
  - Reviewers should provide clear, respectful, and constructive comments.
4. **Timeliness**
  - Reviewers are expected to complete their evaluations within the assigned deadline.
5. **Ethical Integrity**
  - Any suspected plagiarism, data fabrication, or ethical violations should be reported immediately.
6. **Scope Relevance**
  - Ensure the submission aligns with the journal's scope and purpose.

By following these review standards, reviewers play a critical role in preserving the journal's scholarly integrity and advancing the field of higher education.
